## Management Director's Statement

### Business volumes and financial results

By the end of Q2 2026, Coop Pank had 236,000 customers, an increase of 5,000 (+2.1%) during the quarter and 19,000 (+9%) over the year. The bank had 112,100 active customers, an increase of 2,000 (+1.8%) during the quarter and 9,000 (+8%) over the year.

In Q2 2026, the volume of deposits at Coop Pank increased by EUR 69 million (+3.3%) to reach EUR 2.19 billion. Deposits from private customers increased by EUR 14 million: demand deposits rose by EUR 7 million and term deposits increased by EUR 7 million. Deposits from domestic business customers increased by EUR 70 million: demand deposits decreased by EUR 19 million, while term deposits increased by EUR 89 million. Deposits raised through platforms decreased by EUR 15 million. Compared with Q2 2025, the volume of Coop Pank's deposits increased by EUR 380 million (+21%). In Q2 2026, the bank's cost of funding was 2.1%, compared with 2.5% in the same period last year.

In Q2 2026, Coop Pank's net loan portfolio increased by EUR 82 million (+4%) to reach EUR 2.23 billion. During the quarter, the strongest growth was recorded in the business loan portfolio, which increased by EUR 49 million (+5%). The home loan portfolio increased by EUR 22 million (+3%), the leasing portfolio increased by EUR 7 million (+4%), and the consumer finance portfolio increased by EUR 4 million (+4%). Compared with Q2 2025, Coop Pank's total loan portfolio increased by EUR 290 million (+15%).

In Q2 2026, overdue loan portfolio of Coop Pank was at the level of 2.1%. A year ago, overdue loan portfolio was at the level of 2.8%.

Impairment costs of financial assets amounted to EUR 1.4 million in Q2 2026, EUR 1 million more than in the previous quarter and EUR 0.1 million more than in Q2 2025.

Coop Pank's net income amounted to EUR 22.3 million in Q2 2026, increasing by 7% compared with the previous quarter and by 14% compared with Q2 2025. Operating expenses amounted to EUR 11.1 million in Q2 2026, increasing by 1% compared with the previous quarter and by 10% compared with Q2 2025.

In Q2 2026, Coop Pank's net profit amounted to EUR 8.2 million, a decrease of 1% compared with the previous quarter and an increase of 24% compared with Q2 2025. In Q2 2026, the bank's cost-to-income ratio was 50% and its return on equity was 13.5%.

As of 30 June 2026, Coop Pank had 31 900 shareholders.

### Key events and product developments

The Bank's second-quarter results for 2026 confirm that the strategy we established at the beginning of the year is proving effective. Over recent quarters, we have achieved consistent growth while creating value for our customers, shareholders and the Estonian economy. Our second-quarter performance demonstrates that we are able to combine rapid growth with strong financial results.

The Bank's loan portfolio continued to grow strongly, increasing by EUR 82 million during the quarter. Income rose by 7%, while operating expenses remained broadly unchanged compared with the previous quarter. Compared with the corresponding period last year, Coop Pank's net profit increased by almost a quarter. This performance demonstrates our ability to scale the business more efficiently while maintaining disciplined cost control and delivering greater value to shareholders.

Our growth and strong financial performance were also recognised by an international credit rating agency. In May, Moody's upgraded Coop Pank's long-term deposit rating to Baa1, and in June assigned our covered bonds

the highest possible rating of Aaa. These decisions reaffirm Coop Pank's position as a trusted and financially resilient banking partner.

For us, customer trust is every bit as important as financial performance. We want choosing Coop Pank as a primary banking partner to create tangible value for customers every day. The continued growth in our customer base, coupled with the fact that our loan portfolio continues to outperform the market, demonstrates that an increasing number of individuals and businesses are choosing to entrust us with their financial affairs. This growing confidence motivates us to continue delivering even better products and services.

With this in mind, we launched our new Piirideta ("Unlimited") banking package during the second quarter. While the Kasulik ("Useful") package, introduced last year, focuses on customers' everyday banking needs, the Piirideta package is designed for customers who travel frequently and actively use banking services outside Estonia. Alongside everyday banking services, the package includes travel insurance, free cash withdrawals abroad, interest on current account balances, a 1% purchase reward on purchases made in Coop stores, and a range of other practical benefits. This enables customers to manage their finances conveniently, wherever they may be.

The second quarter was also highly active in corporate banking. We supported the completion of several significant corporate acquisition and disposal transactions, while financing investment and expansion projects for Estonian industrial companies. These projects strengthen the competitiveness of Estonian businesses, create jobs and contribute to the country's economic development.

To support the Bank's continued growth and further strengthen its capital position, Coop Pank entered into a synthetic securitisation agreement with the European Investment Bank Group, which became effective on 30 June 2026. The transaction will enable us to provide approximately EUR 250 million of additional financing on favourable terms to Estonian small and medium-sized enterprises. Under the agreement with the European Investment Bank, part of this financing will be allocated to women-led businesses and part to investments in energy efficiency.

We also place great importance on contributing to Estonian society. For the third consecutive year, Coop Pank received the Gold Level recognition as a supporter of Estonia's national defence. This reflects our continued commitment to those who contribute to the country's security. We support employees participating in military exercises, have together with our customers contributed more than EUR 45,000 to the Reserve Forces Fund through the Kaardivägi programme, and during the second quarter temporarily extended the preferential Home Defender Loan terms, originally developed for active service members, to reservists as well.

We are equally proud that, for the second consecutive year, Coop Pank ranked among Estonia's ten most reputable employers. The dedication and professionalism of our people have been one of the key reasons why we have been able to sustain rapid growth while maintaining high service standards and preserving our customers' trust.

In summary, the second quarter of 2026 was characterised by strong and profitable growth, increasing customer confidence and a steadily strengthening position in the Estonian banking market. We continued investing in solutions that make everyday banking simpler and more rewarding for our customers, while demonstrating that rapid growth and responsible banking can go hand in hand.

Chairman of the Management Board

\* Other accumulated comprehensive income includes revaluation reserve of financial assets at fair value through other comprehensive income.

\*\* The line of deductions arising from a synthetic securitisation transaction includes securitisation positions for which the bank bears potential losses. In accordance with Article 36 (1) (k) (ii) of Regulation (EU) No 575/2013, those positions should be deducted from Common Equity Tier 1 capital.

\*\*\* Risk exposure for credit valuation adjustment (CVA) includes the credit valuation adjustment for derivatives held for hedge accounting using reduced basic approach (RBA).

As of June 2026, a synthetic securitisation transaction with the European Investment Fund (EIF) has been finalised, the purpose of which is to obtain additional credit risk protection for the selected loan portfolio. As a result of the synthetic securitisation transaction, the securitisation positions are recognised in the regulatory capital accounting in accordance with the CRR securitisation framework. The transaction will enable the reduction of risk-weighted assets (RWAs) of the exposures it covers and enhance capital adequacy indicators.

## Notes to consolidated financial statements

### Note 1 Accounting principles

The interim report has been prepared in conformity with International Accounting Standard IAS 34 "Interim Financial Reporting" as approved by the EU. The accounting principles used in interim report are in conformity with accounting principles used in Annual Report 2025.

Subsidiaries are consolidated on a line-by-line basis, eliminating the intercompany transactions, receivables and liabilities, income and expense. The definition of group according to the Regulation (EU) No 575/2013 of the European Parliament and of the Council matches that of IFRS.

All figures in financial statements are in thousands of euros unless noted otherwise.

| Structure of the Group   | Country | Activity               | Holding        |

## Note 2 Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the main operating decision-maker. The main decision-maker, responsible for resource distribution and evaluation of the activities of the segments, is the management board of the bank.

The Group divides its business into segments based on the legal structure and the product- and customer-specific distribution within the Bank. According to the legal structure, the Group has a leasing and insurance brokerage segment that provides leasing products and insurance brokerage services to both private and corporate customers, respectively. Leasing segment earns interest income from lending. The insurance brokerage segment earns revenues on intermediating insurance contracts.

Due to the Bank's product-based division, the Group distinguishes the consumer financing segment. The consumer financing segment provides consumer loans and hire-purchase cards to private customers. The segment earns interest incomes from lending and fee commissions from issuing hire-purchase cards.

Due to the Bank's customer-based division, the Group owns corporate banking (legal entities) and retail banking (private individuals) segments. Both segments offer money transferring products and loan products to customers and gather deposits. The segments earn interest income from lending and commissions fees from settlement of payments and bank card transactions.

Segments are the basis for regular monitoring of business results by the Group's management and supervisory boards, and separate financial data are available for the segments. According to the Group's structure, the Bank also divides the corporate banking and retail banking segments into more detailed business lines of loans and everyday banking (deposits, settlements). The Group also uses the division of business lines for planning and budgeting. The Management Board of the Group has been appointed as the chief decision maker for assessing financial allocations and the profitability of business.

Revenue reported by a segment consists of revenue from external customers and additional interest income or interest expense on inter-segment borrowing, which is based on the internal transfer pricing model in the Group and is shown as elimination in the tables below. The Group does not have any customers whose income would account for more than 10% of the respective type of income. The geographical breakdown of interest income is shown in Note 3. The geographical breakdown of commission fees is shown in Note 4.

## Note 14 Related parties

Related parties are:

- a shareholder of significant influence and companies that are part of its group;
- management of the group: i.e. members of the Management Board and the Supervisory Board of parent company, head of internal audit and entities controlled by them;
- individuals, who have equal economic interest as management, and entities associated to them.

The terms of the loans issued to related parties do not differ from the loans issued to other customers regarding interest rates. Transactions with related parties are based on the price list and/or are carried out at market value. Maximum termination benefits payable to members of the management board on a contingent basis is 492 thousand euros (31.12.2025: 492).
